

## First 5 Commission of San Diego

June 7, 2010

### Staff Report

#### Updates Since Last Report

##### Health

- Healthcare Access Initiative (HCA)
  - On April 5, 2010, the Commission approved a three year contract extension (FY 2010-11 through FY 2012-13) for the six regional HCA contractors under Emerging Critical Needs funding: SAY San Diego (Central Region), SAY San Diego (North Central Region), North County Health Services (North Inland Region), Vista Community Clinic (North Coastal Region), Neighborhood Healthcare (East Region) and Home Start Inc. (South Region). Staff has completed contract negotiations with each organization. Services are anticipated to start 7/1/10.
- Healthy Development Services (HDS).
  - On May 3, 2010 the Commission approved awards with the following organizations to provide HDS services: Palomar Pomerado Health (North Inland Region), South Bay Community Services (South Region), Rady Children's Hospital of San Diego (North Coastal and North Central Regions) and Family Health Centers of San Diego (Central and East Regions). Contract negotiations are in progress and services are slated to start 7/1/10.
- Oral Health Initiative (OHI).
  - On March 8, 2010, the Commission approved the award for the OHI contractor (Community Clinics Health Network) for FY 2010-11 through FY 2014-15. Staff has completed the negotiations process with Community Clinics Health Network. Services are anticipated to start 7/1/10.
- KidSTART
  - On May 10, 2010 Child Welfare Services (CWS) published a Notice of Intent to Award the KidSTART Center contract to Rady Children's Hospital of San Diego. They and County Children's Mental Health are currently conducting contract negotiations. Services are anticipated to begin on 7/1/10. First 5 contract staff are currently developing the MOU between First 5 and CWS.
- All other health projects are on track to meet their targets for FY 2009-10.

##### Learning

- All learning projects are on track to meet their targets for FY 2009-10.

##### Family

- Child Welfare Services- DSEP Project and the CWS Early Childhood Support Services Project
  - All Child Welfare Services projects are on track to meet their targets for FY 2009-10.

- First 5 for Parents
  - Contractors are on track to meet their targets for FY 2009-10.
- Targeted At-Risk Home Visitation
  - TPAC and staff recommendations for this initiative have been provided to the Commission. Staff has scheduled a meeting with other home visiting program managers on June 11 to help narrow the focus of the recommended target population. An industry day is planned for late June or early July to obtain input from potential service providers. Commission will be asked to approve the release of a Request for Proposals at their August meeting.

## **Community**

- 211 San Diego.
  - 211 San Diego's contract with the Commission expires on June 30, 2010. Staff is working with 211 San Diego to extend their contract for information and referral services for 3 months. Staff will track contract deliverables on a monthly basis.
  - Staff is working on contact deliverable recommendations for presentation to the Commission at the August 9, 2010 meeting.
- Parent and Public Education.
  - Executive Director Jiménez has conducted interviews highlighting First 5 San Diego programs and services in the local media with San Diego Living and Azteca TV.
  - Executive Director Jiménez is scheduled to conduct interviews highlighting First 5 San Diego program and services in the local media including:
    - Univision (June 22, 2010)
    - Telemundo (June 22, 2010)
  - Staff facilitated the participation of Commissioner Macchione and Executive Director Jimenez at the May 19, 2010 ground breaking ceremony for St. Vincent de Paul Village's construction project at 15<sup>th</sup> and Commercial. The project includes a new Child Development Center funded through a \$6,698,025 capital grant from the Commission.

## **Administration**

- Finance Committee. There was no May meeting.
- FY 2009-10 Year End. Fiscal staff will begin attending trainings and workshops for fiscal year end on June 1<sup>st</sup>.
- Evaluation. Commission staff has worked with the County Privacy Officer to migrate from using a consent form to a notice of privacy practices for its funded programs. The Commission is required to use a First 5 California consent form for jointly funded programs. A new policy on this practice is being provided to the Commission today.
- CMEDS. The database is being prepared for changes due to the onset of the new fiscal year. The majority of projects will see no changes. There are considerable changes to Healthy Development Services to match the changes and standardization from the RFP awarded in May 2010.
- EBIX Insurance Monitoring. Commission staff is coordinating with HHS Agency Contract Support to implement EBIX insurance monitoring for all Commission contracts. This practice will be consistent with current HHS insurance monitoring. The target effective date is 7/1/10.

## **Back ground on First 5 Commission Current Projects**

- 211 San Diego. 211 San Diego is a key resource for parents of young children, assisting them in connecting with First 5 San Diego programs and locating other community resources. In FY 08/09 211 San Diego answered 164,561 calls, 16% (48,080) were calls from families with children ages 0 through 5.
- CARES (Compensation and Retention Encourages Stability). This program provides stipends and mentoring support services to early care and education teachers so they can improve their education level and the overall workforce retention level in both family child care and center-based facilities will increase.
- Community Health Improvement Partners (CHIP). This program provides training for trainers to community based organizations on how to educate parents on the use of the book "What to Do When Your Child Gets Sick" with the goal of reducing visits to emergency rooms for children ages newborn – 5.
- CWS Early Childhood Services Project. This program funds 44 CWS Social Worker staff who are receiving specialized training and support to better meet the needs of foster children in San Diego County age birth through 5 years. This project is restructuring business processes and will assist in meeting state and federal mandates that address permanency and stability for children in foster care. First 5 funding provides the necessary match to draw down federal Title IV-E dollars.
- CWS Foster Care DSEP Project. The goal of this program is to enhance existing services for young children at Polinsky Children's Center (PCC). The program provides expanded training and support for 23 full-time PCC staff that care for young children, follow-up developmental assessments and care coordination services for children who have been released from PCC via the expansion of the Developmental Screening & Enhancement Program (DSEP), and expanded case management services for young children who bypass PCC and are directly placed with foster/relative caregivers.
- Fluoridation. The Commission has partnered with The California Endowment to support water fluoridation in sub-optimally fluoridated local water districts. The current project is with the City of San Diego (City). The City is currently in the planning and design phase.
- Foster Parent Respite Support Services. First 5 San Diego provides funding for HHSA Child Welfare Services (CWS) respite care services for foster parents who care for young children, who often have complex needs and challenging behaviors, when the foster parents are temporarily unable to care for their foster child, due to medical appointments or the need to attend required trainings or support groups. The program goal is to ensure stability of CWS placements by reducing stress for foster parents.
- Healthcare Access (HCA). HCA provides outreach and application enrollment assistance for public health insurance, followed by case management to support retention of insurance and appropriate utilization of health services. The goal is to meet AAP and AAPD guidelines for well child and dental exams and reduce inappropriate use of emergency departments.
- Healthy Development Services (HDS). HDS is an array of services for early identification and treatment for children with mild to moderate developmental delays. HDS also promotes positive family practices to reduce the need for more complex services. Activities include: speech and language, developmental and behavioral services as well as newborn and at risk home visitation and tobacco cessation.

- Horn of Africa Families Together Program. This program serves the East African families, providing case management services for pregnant women and families with young children to promote and support parent-child interaction and bonding, nutrition, health care and overall family well-being.
- Innovative Grant Opportunities. Since the inception of the program in January 2004, the Commission has approved awards for thirty-seven (37) Innovative Grants. Staff is currently monitoring one (1) active contract. Innovative Grant opportunities have been suspended for Fiscal Year 2009-10.
- KidSTART: KidSTART is a multi-agency project to coordinate, simplify and improve the county system of developmental services for all children. Child Welfare Services, First 5 and Children's Mental Health have come together to launch a KidSTART Center pilot project targeting the foster child population. This innovative project will leverage First 5 funds with Medi-Cal funds through Early Periodic Screening, Diagnosis and Treatment (EPSDT).
- Kit for New Parents (Kit). The Kit is a free (\$75.00 value) comprehensive resource from First 5 California for new and expecting parents emphasizing the importance of a child's early years. The contractor partners with more than 800 organizations to enhance the delivery of the Kit countywide. The Kit is available in English, Spanish, Vietnamese, Cantonese, Korean and Mandarin. A total of 347,457 Kits have been distributed since January 2002 – April 2010.
- Mi Escuelita. The program provides a therapeutic preschool experience for young children in the South Bay who have been exposed to domestic violence and abuse.
- Oral Health Initiative (OHI). OHI provides oral health services, care coordination and preventative education to children ages 1-5 and pregnant women with the objective of improving oral health, promoting positive oral health practices and increasing provider capacity. This year, OHI is increasing access to dental care through its expanded treatment funds and care coordination capacity for young children and pregnant women.
- Parent Development Initiative. The First 5 for Parents Initiative continues to provide parent education and support services focused on parenting skills, early literacy and reducing childhood obesity through ten (10) contractors across the county. Contractors are exploring various options for sustainability of services, including potential partnerships with other First 5 San Diego providers.
- Parent and Public Education. Targeted parent and community education campaigns that connect children to needed services and promote family practices that improve children's health and development, reducing the need for direct services.
- Preschool for All (PFA) Demonstration Project. The goal of the Preschool for All (PFA) Demonstration Project is to provide high quality preschool services, completely tuition free regardless of family income, in both existing and in new public and private center-based and home-based early childhood programs. First 5 CA provides an approximate 20% match for these services.
- Preschool Learning Foundations Project. This program provides Early Care Education Learning Foundations training (developed by the California Department of Education [CDE] and provided by CDE to all state-funded preschool teachers only) to both private center-based and Family Child Care providers who would not otherwise receive professional development opportunities through the CDE. This training provides specific program guidelines and principles that offer early childhood educators a clear understanding of what children should know before they enter kindergarten.

- San Diego Adolescent Pregnancy and Parenting Program ( SANDAPP). This program's goals are to improve health outcomes for pregnant and parenting adolescents and their children; increase the rate of high school graduation; enhance parenting skills; prevent child abuse, neglect and family violence; and promote youth development and self-sufficiency. Services include case management, counseling/therapy, parent-child interaction and attunement therapies and Shaken Baby Syndrome prevention through the Period of PURPLE Crying Program.
- San Diego County Childhood Obesity Initiative This initiative is a public/private partnership whose mission is to reduce and prevent childhood obesity in San Diego County by creating healthy environments for all children and families through advocacy, education, policy development and environmental change. Since April 2006 the Commission has committed \$540,000 to support this initiative through March 2012.
- School Readiness (SR). The objective of this statewide effort is to focus on strategies that address the "whole child" and facilitate quality approaches to child development, improve family functioning, improve children's health and improve systems of care to ensure that young children enter kindergarten ready to learn. Seven school districts in San Diego County that serve low-income, low API communities participate in this program. First 5 Ca provides a 50% match for these services.
- Special Needs Project (SNP). This program provides access to early developmental screenings for children in low-income Chula Vista communities and intensive case management and support services for children who have been identified as "at risk" through a comprehensive health and developmental screening process.
